Application

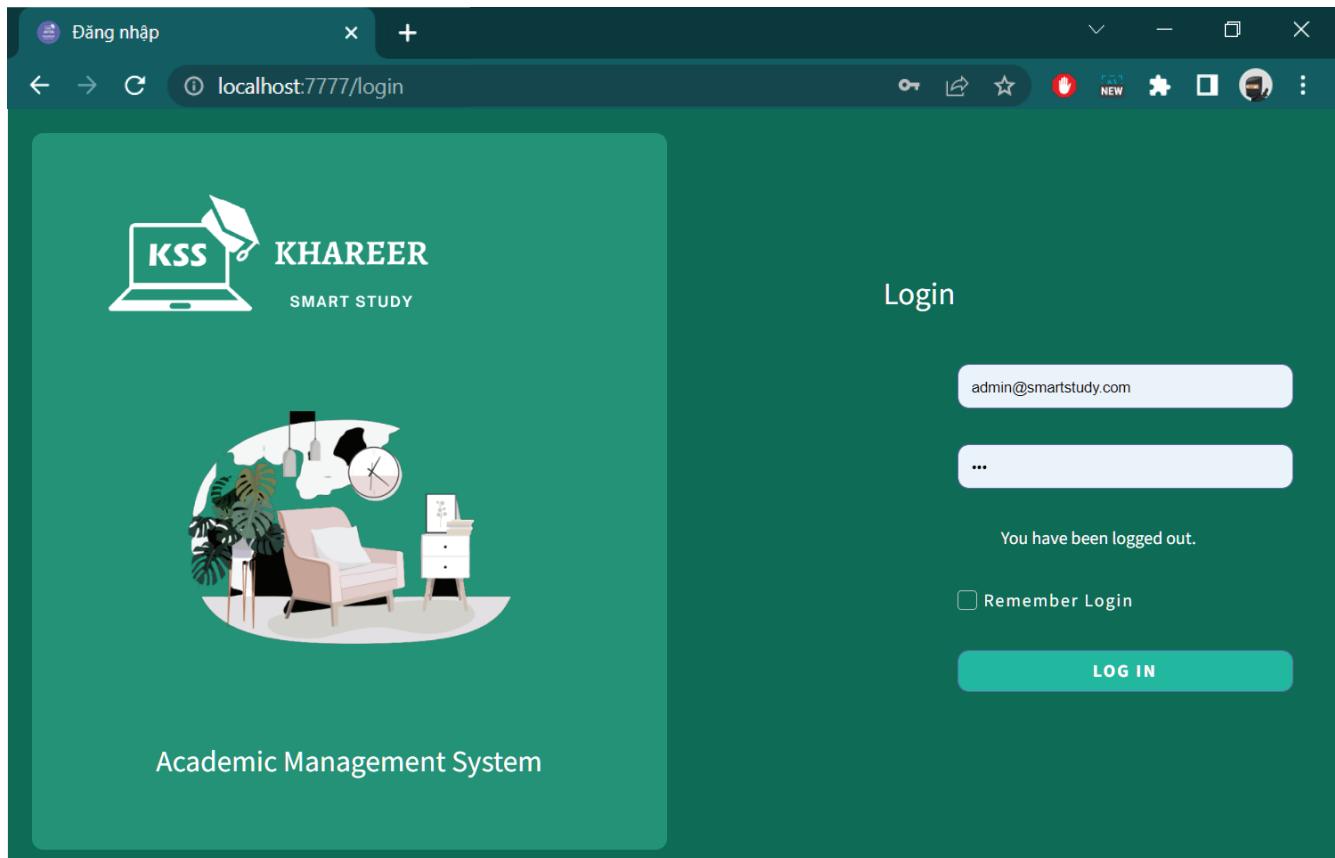

Smart Study  
Web Application Manual

KhareerFPT

Web Application Admin is greeted with login page

Email: admin@smartstudy.com      Password: 123

Once login, managers will be redirect to Admin Dashboard

The screenshot shows the Admin Dashboard with a navigation sidebar on the left containing links for Main Dashboard, Account, Classroom, Course, Notification, and Logout. The main area is titled "Admin Dashboard" and features six management modules: Account (Account Management), Semester (Semester management), Classroom (Classroom management), Course (Course Management), and Notification (Notification Management). A greeting "Hello admin@smartstudy.com!" is at the top right. The footer says "Power by Khareer Team".

Only account with the role of admin is able to access this page

From this dashboard, Admin is authorized to mange Account, Semester, Course Subjects, Classroom & Notification

The Account management page enable admin to search for an account, create more admin or create account for student / teacher / parents

The screenshot shows the 'Account Management' page. On the left is a sidebar with the 'KHAREER SMART STUDY' logo and links for 'Main Dashboard', 'Account', 'Classroom', 'Course', 'Notification', and 'Logout'. The main area has a title 'Account Management' and a search bar with 'Search' and 'Clear' buttons. Below is a table with columns: #, Email, Name, Phone, Role, and Actions. The table contains 7 rows of account data. At the top right are buttons for 'Add an Admin' and 'Add mobile account'.

#	Email	Name	Phone	Role	Actions
1	thiennnts2008038@fpt.edu.vn	Thien Nguyen	+84989096119	Admin	
2	j.thien1551@gmail.com	Thien Nguyen	+84989099632	Admin	
3	vuongpham@gmail.com	Viet Vuong	+84373627828	Admin	
4	vlogcuocsongvacongnghe@gmail.com	Lê Nhân	+84375515819	Admin	
5	tamlhts2008005@fpt.edu.vn	Huu Tam	+84912345678	Admin	
6	admin@smartstudy.com	Admin	+84989096911	Admin	
7	easter2015@fpt.edu.vn	Easter	+84326024953	Student	

After pressing 'Add mobile account' button. Admin may select the role of account, in this example we pick 'Teacher'.

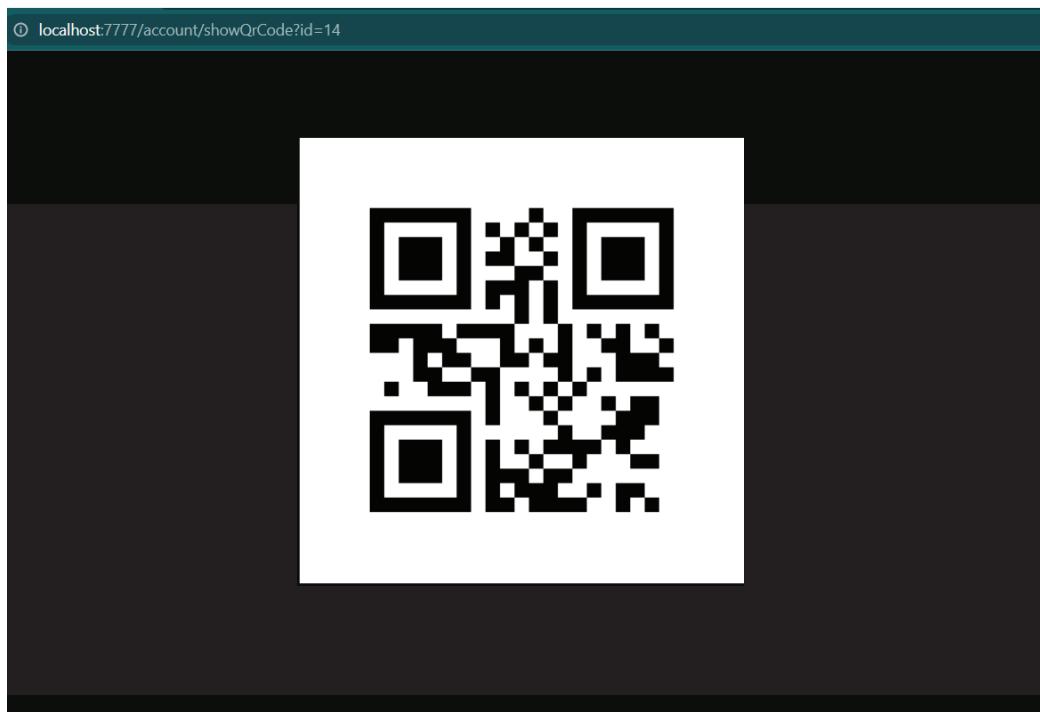

The screenshot shows the 'Add new account' form. It has a 'Basic info' section with a 'Role' dropdown set to 'Teacher'. A 'Save' button is at the bottom right.

Admin will be redirect back to Account List and find a new account with no details.

The screenshot shows the 'Account Management' page again. A new account entry is visible: 'cordie2000@fpt.edu.vn' with name 'Cordie', phone '+84123456789', and role 'Teacher'. A context menu is open over this entry, showing options: 'Edit', 'Show QR', and 'Reset Password'. Number 10 is circled next to the first account row.

Press Action button as shown on the right, Admin may find three options including Edit, Show QR and Reset Password.

Admin may show the QR code to the new Teacher and let them finish register the details on Mobile Application. Please refer to Smart Study Mobile App User Guide.

If necessary, Admin may edit the latest account and set role accordingly.

## Edit info

SMART STUDY  
Application

Smart Study  
Mobile Application  
Manual

KhareerFPT

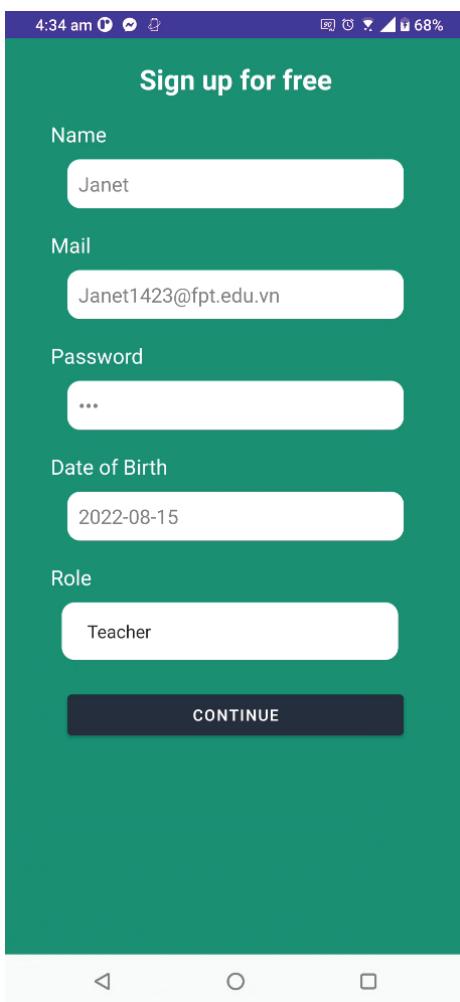

After launching the mobile application, user will find the starting page with two options: Login and Get Started

Login button will redirect user to go through login form with a registered account.

Get Started button will redirect user to go through register form with a given QR code.

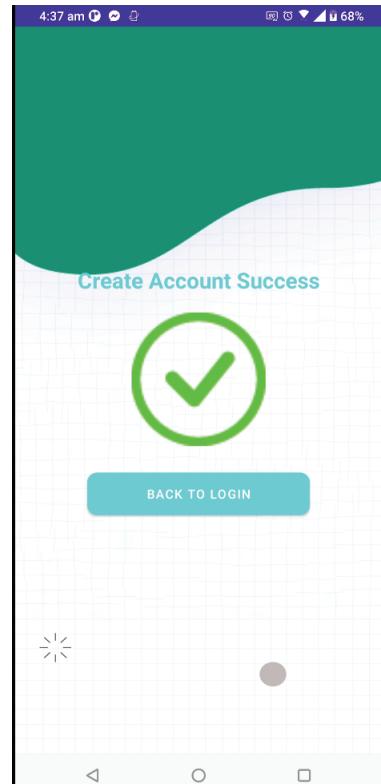

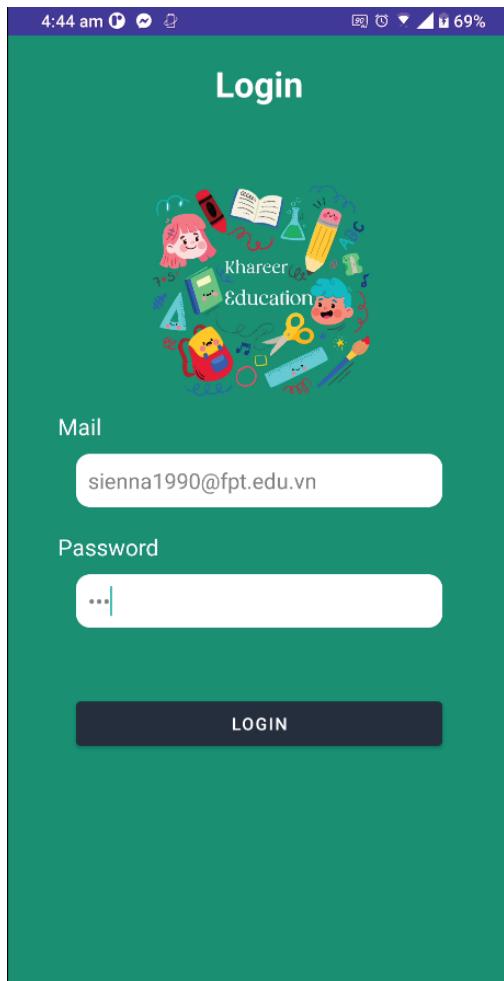

User fill in their details and choose the appropriate role in this form and continue

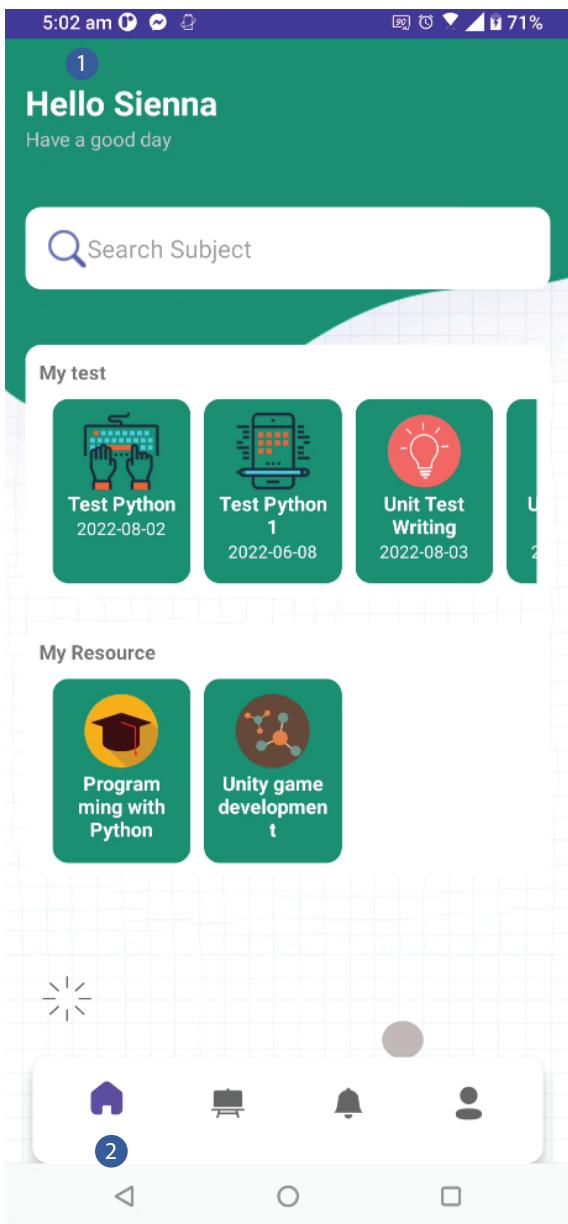

Let choose the role of Teacher and continue with previous QR code given from Admin.

Should the code produce by QR matched, user will find success message page and has the option to go back to login

### Part 1: Logged in as Teacher

A freshly created Teacher account should not have any data. For the purpose of this guide, we will use a different Teacher account populated with data.  
Mail: sienna1990@fpt.edu.vn  
Password: 123

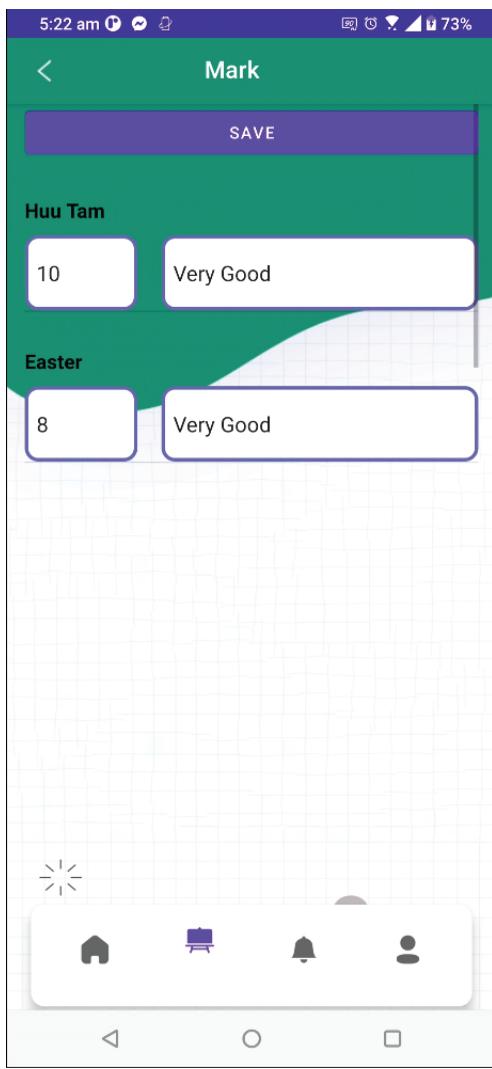

This is the dashboard page displayed when a user successfully logged in, depend on the role of user, different data are shown on this activity.

1 Personalized name and bottom navigation bar are similarly visible to all user

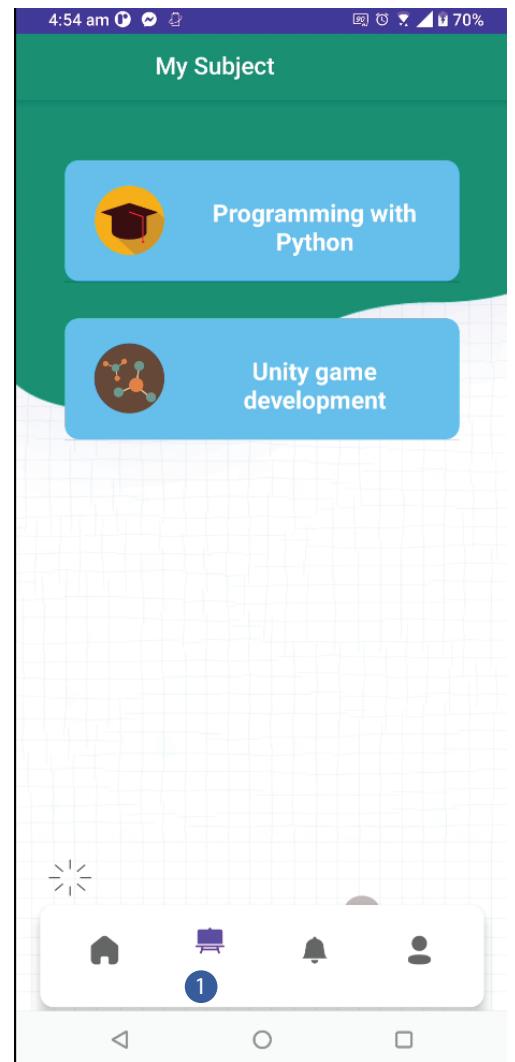

2

This screenshot shows the detail page for a specific test titled 'Test Python'. It includes information such as Classroom: T12008A0, Subject: Programming with Python, and Start Day: 2022-08-02. A purple button labeled 'EDIT MARK' is present. Below this is a 'List Mark' section showing student results: Huu Tam (Mark: 10, Review: Very Good) and Easter (Mark: 8, Review: Very Good). The bottom navigation bar is identical to the one in the dashboard.

Upon selecting any test conducted by Teacher, detail page are displayed with the list of students' results and the remark. A button is available for Teacher to set mark to students.

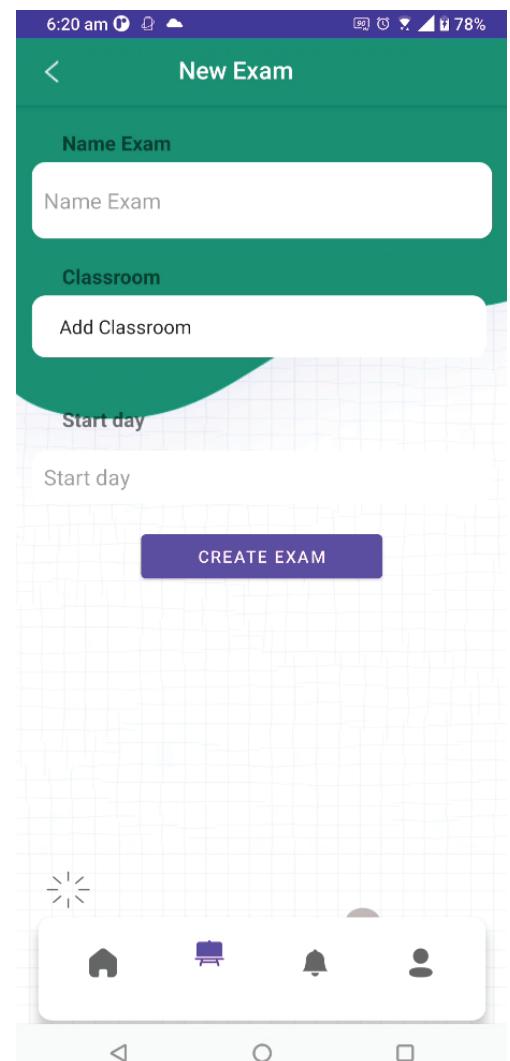

Upon selecting Edit Mark button, Teacher will find a form to update the mark for their student. Once the task is done, press the Save button.

On the second tab of bottom navigation bar,  
teacher will be able to find the list of course(s)  
they were assigned to teach.  
<sup>1</sup>

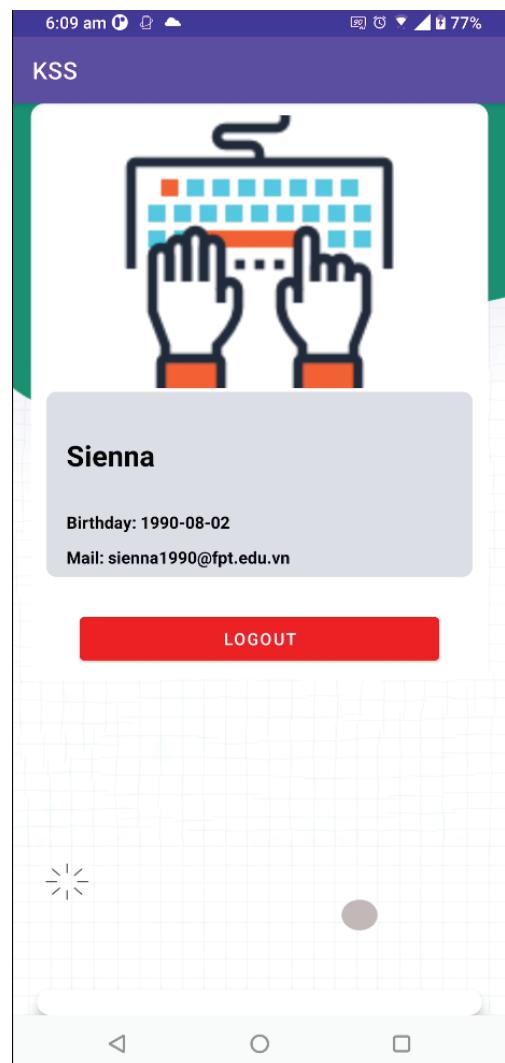

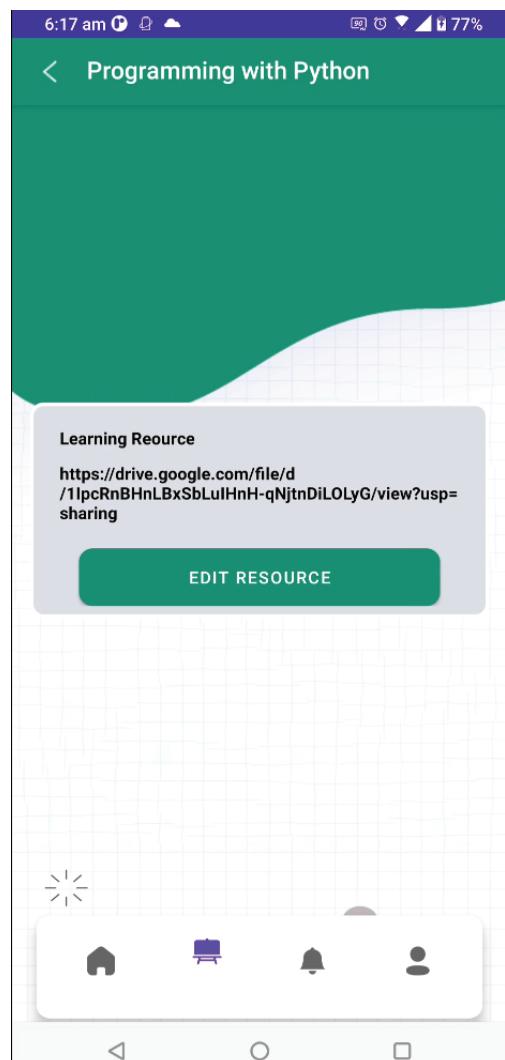

Each course subject page are presented with details like name, duration. Three available function for Teacher to interact. 1 - Resource, 2 - Exam List and 3- Add Exam

After pressing the Add exam button, Teach will find a form to create an exam, these details will be display to student on their account.

After pressing the Resource button, teacher will be able to edit learning resource for the chosen course subject in this page. Learning resource is shared with students who attend the same class.

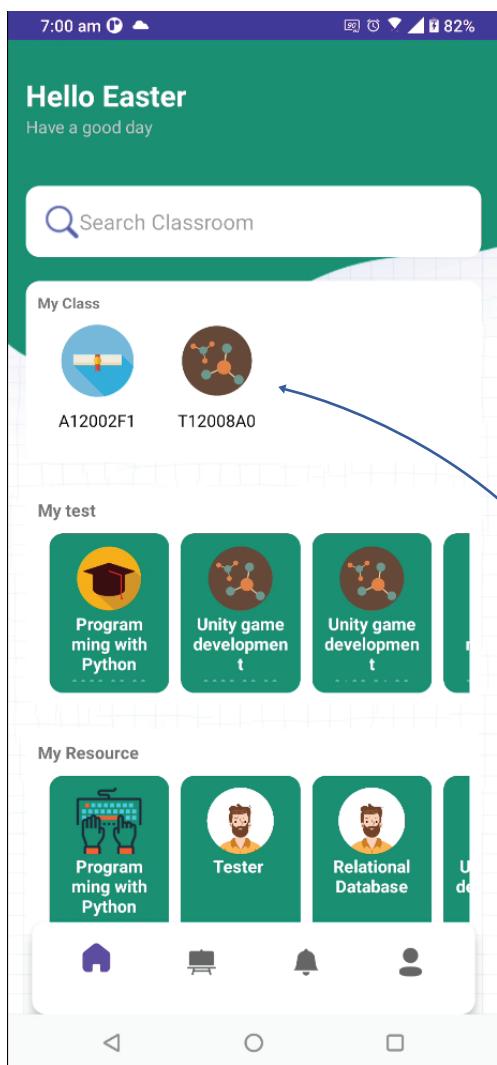

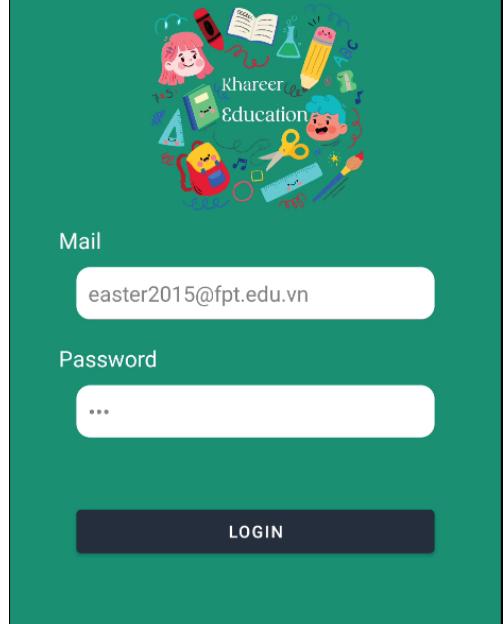

Selecting the far right icon on bottom navigation bar will redirect user to profile page, it display personal details and a Logout button. Once logged out, login info are kept remember for quick sign in again.

## Part 1: Logged in as Student

Lets go through the mobile app with an account having 'Student' role  
Mail: easter2015@fpt.edu.vn  
Password: 123

### Login

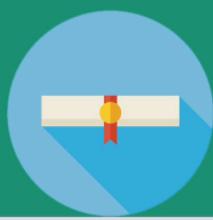

After successfully log in as Student, they will usually find their assigned class, their test(s) and their learning resources.

A student should have at least one class. Select icon button with T12008A0 to view his class detail

7:04 am 82%

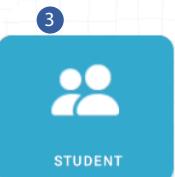

T12008A0

Number of participants: 1 8  
Number of subjects: 7
